Eighth Supplemental Information Disclosure Statement

Commissioner for Patents PO Box 1450 Alexandria, VA 22313-1450 Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 Ut 00 00 C.F.R. §§ 1.56, 1.97 and 1.98.

The numbering on this Eighth Supplemental Information Disclosure Statement is a continuation of the numbering in Applicants' Seventh Supplemental Information Disclosure Statement filed January 27, 2005, in connection with the above-captioned application.

Copies of documents AB22-AK22 and AA23 are not provided in accordance with the Changes To Support Implementation of the United States Patent and Trademark Office 21st Century Strategic Plan, effective October 21, 2004, which states "section 1.98(a)(2)(i) is amended to eliminate the requirement in paragraph (a)(2)(i) for a copy of each U.S. patent or U.S. patent application publication listed in an IDS in a patent application regardless of the filing date of the application." A copy of each other document is provided.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed

publication dates on the attached Form PTO-1449 based on information presently available to the

undersigned. However, the listed publication dates should not be construed as an admission that the

information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any

of the information provided herewith, and/or to prove that this information may not be prior art,

and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or

that information more material to the examination of the present patent application does not exist.

The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing of a first Office

Action after the filing of a Request for Continued Examination under 37 C.F.R. § 1.114. No

statement or fee is required.

It is respectfully requested that the Examiner initial and return a copy of the enclosed Form

PTO-1449, and indicate in the official file wrapper of this patent application that the documents have
